alternate reality

existential risk

incurring the wrath of a god-like alien and being wiped clean out of existence
attack from outer space by a world eating space cloud
attack from outer space by bug aliens
attack from outer space by a giant space amoeba
attack from outer space by a powerful conquering alien race
attack from outer space
attack from outer space by neural parasites
alien brought pandemic
attack from outer space by a world eating machine
asteroid impact
moon slowly spiraling into a planet
ice age
depleted ozone layer
asteroid impact leading to nuclear winter
rise in ambient galactic radiation level
botanical plague
spontaneous planetary break up
global flood
force majeure existential risk
global warming
mass radiation poisoning
sun going supernova
pandemic
volcanic cataclysm
dying sun
stray astronomical object
retrograde civilization caused by biological warfare
slaves to technology
man made pandemic
mutual annihilation
everyone thinking themselves as gods
out of control scientific experiment
doomsday device
annihilation by WMDs
depletion of a vital natural resource
nuclear winter
man-made existential risk
atrophied civilization
rise of the machines
galaxy-wide holy war
danger from a new technology
ultimate war
everyone escapes to a fantasy world and civilization collapses
radioactive space garbage scow
overpopulation
polluted environment
retrograde civilization caused by ice age
society corrupted through absolute power
unregulated autonomous weapons system

novel alien concept

grammar pedantic alien
exceedingly ruthless alien
spacefaring aliens with ritualistic culture
culturally distinguished life form
extremely religious alien
culturally symbiotic aliens
über-belligerent alien
symbolic language alien
xenophobic isolationist alien
zoo making alien race
aliens mired in institutionalized virtual war
exceedingly devious alien
metaphorical language alien
alien race segregated by gender
powerful conquering alien race
plant-like alien
giant ape alien
felinoid alien
bird-like alien
insectoid
chameleon-like alien
fish-like alien
earth-life inspired life form
canine alien
aquatic humanoid alien
reptilian alien
slug-like alien
cyborg
crystalline life form
silicon-based life form
gaseous life form
inorganic life form
electromagnetic beast
sentient nanomachines
slick of malevolent tar
extra-dimensional alien
disembodied prisoner alien
transcendental alien
disembodied brain alien
superior life form
galactic master race
immoral transcendental being
god-like guardian of a primitive race
incorporeal alien
morally superior being
out-and-out disembodied alien
alien composed of autonomous parts
shapeshifter
miscellaneous life form
tribble
microscopic sentient life form
2D beings
mugato
extinct interstellar civilization
Lilliputians
life force draining alien
being that feeds on neural energy
neural parasites
invisible parasites
parasitic life form
vampiric alien
subatomic bacteria
being that feeds on emotions
parasitic bug aliens
world eating space cloud
spacefaring plants
space jellyfish
giant space amoeba
living spaceship
spaceborne life form
energy vortex entity
space whale
space snowflake
space gangsters
space Irish
space Yankees
space Scottish
space Greeks
space Jews
space Nazis
space pirates
space stereotype
space Egyptians
space Romans
space Native Americans
space Catholics
space hippies
space lepers
alien with the body of a baby
biologically distinguished life form
symbiotic alien
bilaterally colored alien
childless reproducing alien
hibernating alien
cyclical mating cycle alien
gender neutral alien
ultra-rational alien
emotionless emotion craving alien
telepathically linked aliens
collectively intelligent aliens
empathic alien
bedrock dwelling alien
thermophilic alien
inhospitable environment dwelling life form
gas giant dwelling alien
ooze dwelling alien
mentally distinguished life form
spacefaring aliens with primitive minds
binary thinking alien
telepathic alien

novel sci-fi concept

time loop
non-linear time
alternate laws of nature
localized time distortion
Mobius timeline
non-Euclidean space
2D space
time speed up
time portal
time travel
sonar-based artificial vision
hyper rejuvenation
plug-in learning
external immune system
suspended animation
disembodied brain
the perfect soldier
cryogenic technology
artificial human body
human enhancement
out-and-out disembodiment
retarded aging
vision beyond the visible spectrum
remote controlled humanoid
face patch
mobile life support box
synthetic T-cell
visual acuity transmitter
Bussard collector
modular starship
sleeper starship
ion space drive
starship technology
invisibility cloak
multi-generational starship
starship that can fly within a sun
starship that can fly within solid matter
mining a planet from orbit
stellar rejuvenation
deep space telescope
prison moon
planetary cloak
Dyson sphere
artificial planet
domed city
floating city
mega-scale engineering project
asteroid deflector
interstellar space travel
terraformed planet
magical amusement planet
geoengineered planet
space colonizationspace library
world eating machine
simulated personality
positronic brain
collective intelligence
sex-droid
emergent intelligence
sentient computer
AI technology
robot helper
nanomachines
sentient space probe
android
autonomous sentient tools
sound masking
electronic people registry
super high-yield grain
LED lighting
flatscreen TV
lie detector
real gadget
voice recognition
teleconferencing
machine dictation
voice identification
kill button
stasis box
life force draining headband
mirror universe
give-you-anything scanners
rapid aging
cellular metamorphosis
computer simulated war
de-evolution
wacky sci-fi concept
twin earth
anti-time
fountain of youth
matter transmutation
take-you-anywhere gateway
parallel earth
reverse aging
youthenization
telekinesis
matter replicator
paralysis field
simulated reality
handheld multifunction super gun
sonic razor
holodeck
force field
food synthesizer
biological computer
pain implant
dream recorder
antigrav unit
agony booth
pain stick
fictional gadget
life-support belt
immobilization web
pain buzzer
transporter
pain belt
disintegration chamber
pain collar
tractor beam
universal translator
tricorder
virtual reality suit
voice duplicator
virtual reality
tidally locked planet
gas giant collision
wormhole
galactic barrier
parallel universe
trinary star system with a habitable planet
black hole
nebula
quasar
universe in a bottle
ocean planet
asteroid belt
hydrogen cloud
habitable moon
what's out there
neutron star
rogue planet
red giant
type 1a supernova
globular cluster
pulsar
habitable asteroid
intergalactic void
supernova
rogue comet
parallel antimatter universe
reverse universe
star desert
dark matter nebula
space aurora
the multiverse
binary star system with a habitable planet
stellar nursery

what if question

mind transfer
mind control device
mass mind control
mind control video game
duplicate of a person
human cloning
mind technology
memory wipe
mind linking device
mental conditioning technology
mind reading device
mind-computer merging
what if we all lost our memories
what if the Roman Empire never fell
what if our fantasies become reality
what if the Nazis had won
what if society were different
what if we all started shrinking in size
what if everyone did whatever they wanted
what if everyone turned into zombies
what if society consisted of only children
what if I was flung into an alternate reality
what if my life force was transferred into another person
what if my husband suddenly became possessed by a demon
what if I woke up in the future
what if I were stranded without food and water
what if I woke up in a savage mirror universe
what if I was accused of a murder but didn't remember
what if I faced an incredible situation
what if I was tossed into the past
what if I suffered total amnesia and had to relearn everything
what if I had to go on a suicide mission
what if I found myself in a different body
what if I met myself
what if I aged backwards
what if I had to mate with a stranger
what if I had to fight to the death
what if I found myself in a body of the opposite sex
what if I met an historical figure
what if I met my double
what if I met the perfect mate
what if I was trapped in a novel
what if I were accused of a crime that I did not commit
what if my enemy and my ally looked exactly alike and I had to choose between them
what if I were a specimen animal in a zoo
what if I were a ghost
what if I lived an alternate life
what if I had to spend eternity in limbo
what if I had a second childhood
what if I could swim in the ocean like a fish
what if I could life in a fantasy world
what if I could hear thoughts
what if I could shapeshift
what if my life were different
what if I could do anything I wanted without repercussions
what if I was controlled like a puppet
what if I could move faster in time than everyone else
what if I were immortal
what if I could never go home
what if I had a second chance at life
what if I had a super love potion
what if I had magical powers
what if I had super intelligence
what if I had to spend eternity trapped in futile violence
what if everyone vanished and I was all alone
what if the laws of physics were reversed
what if telepathy was real
what if pure evil existed
what if déjà vu were real
what if reality were different
what if the devil was merely misunderstood
what if time travel was possible
what if the laws of physics were different
